THIS APPLICATION IS SUBJECT TO WITHDRAWAL FROM ISSUE AT THE INITIATIVE OF THE OFFICE OR UPON PETITION BY THE APPLICANT. SEE 37 CFR 1.313 AND MPEP 1308.

THE ISSUE FEE AND PUBLICATION FEE (IF REQUIRED) MUST BE PAID WITHIN THREE MONTHS FROM THE MAILING DATE OF THIS NOTICE OR THIS APPLICATION SHALL BE REGARDED AS ABANDONED. THIS STATUTORY PERIOD CANNOT BE EXTENDED. SEE 35 U.S.C. 151. THE ISSUE FEE DUE INDICATED ABOVE DOES NOT REFLECT A CREDIT FOR ANY PREVIOUSLY PAID ISSUE FEE IN THIS APPLICATION. If the SMALL ENTITY is shown as YES, verify your current SMALL ENTITY status:

A. If the status is the same, pay the TOTAL FEE(S) DUE shown above.

DETAILED ACTION

Response to Arguments

Applicant's arguments, see pages 8-15 of the Appeal Brief, filed 21 May 2010, with respect to the rejections of the claims under 35 U.S.C. § 103(a) have been fully considered and are persuasive. The rejections of the claims under 35 U.S.C. § 103(a) have been withdrawn.

Allowable Subject Matter

Claims 1, 3-7, 9-13, 15-20 and 22-29 are allowed.

The following is an examiner's statement of reasons for allowance:

Independent claim 1 includes features which are not found in the prior art. Claim 1 includes a storage unit which stored not only detected pieces of additional information, but also associated location information. Further, claim 1 includes an embedding unit which, among other things, embeds a new piece of additional information including updated information into the image data at a location that does not overlap locations where the detected pieces of additional information are embedded, by referring to the stored location information, when the analyzing unit judges that none of the detected pieces of additional information include predetermined information that is updatable.

The closest prior art discovered is the previously cited combination of Ikenoue (US-5,987,127) and Numao (US-6,055,321). While the combination teaches many of the features of claim 1, it fails to teach the above limitations. Examiner has not discovered prior art which fully

teaches each and every limitation of claim 1, either in a single reference or in an obvious combination of references. Accordingly, claim 1 is deemed to be allowable over the prior art.

Claim 3-6 each depend from claim 1, and are therefore also deemed to be allowable over the prior art.

Independent claim 7 contains the same features found in claim 1 that render claim 1 allowable over the prior art. Thus, claim 7 is deemed to be allowable for the reasons set forth with respect to claim 1.

Claims 9-12 each depend from claim 7, and are therefore also deemed to be allowable over the prior art.

Independent claim 13 contains the same features, but in method form, found in claim 1 that render claim 1 allowable over the prior art. Thus, claim 13 is deemed to be allowable for the reasons set forth with respect to claim 1.

Claims 15-19 each depend from claim 13, and are therefore also deemed to be allowable over the prior art.

Independent claim 20 contains the same features, but in the form of a computer-readable medium storing a program which performs a method when executed by a computer, found in claim 1 that render claim 1 allowable over the prior art. Thus, claim 20 is deemed to be allowable for the reasons set forth with respect to claim 1.

Claims 22-25 each depend from claim 20, and are therefore also deemed to be allowable over the prior art.

Independent claim 26 contains the same features found in claim 1 that render claim 1 allowable over the prior art. Thus, claim 26 is deemed to be allowable for the reasons set forth with respect to claim 1.

Independent claim 27 contains the same features, but in method form, found in claim 1 that render claim 1 allowable over the prior art. Thus, claim 27 is deemed to be allowable for the reasons set forth with respect to claim 1.

Independent claim 28 contains the same features, but in the form of a computer-readable medium storing a program which performs a method when executed by a computer, found in claim 1 that render claim 1 allowable over the prior art. Thus, claim 28 is deemed to be allowable for the reasons set forth with respect to claim 1.

Independent claim 29 contains the same features found in claim 1 that render claim 1 allowable over the prior art. Thus, claim 29 is deemed to be allowable for the reasons set forth with respect to claim 1.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue

fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
